

May 2018

Dear Member:

We are pleased to announce our 14th annual Scholarship Awards program under the LIUNA Local 527 Scholarship Fund. As in the past, we will be awarding a minimum of 10 scholarships for the dependent children of LIUNA Local 527 members; \$3,000.00 will be awarded to selected applicants attending a Canadian University and \$2,000.00 will be awarded to selected applicants attending a Canadian College for the **2018/2019** academic year.

The Scholarships are not restricted to first-year students and may be awarded more than once. Also more than one scholarship can be awarded to the same family with two or more dependents attending post-secondary school.

Please note that the Scholarships are restricted to members' children and **members are not eligible to apply.**

LIUNA Local 527 Scholarship Fund will continue to offer children of qualifying members a Student Grant of \$500.00 if they have successfully completed the 2017/2018 academic year at a college or university and did not receive a scholarship award for that academic year.

The Scholarship Application Form and the Reference Form to apply for the Scholarship Awards and the Student Grant Application form to apply for the Student Grant can be found and are accessible on our website at <http://liunalocal527.com/benefits/scholarship-fund/scholarship-fund-forms/>. We recommend that you provide your son and/or daughter that may qualify under the eligibility rules listed below with this information. If unable to obtain the necessary documents online, please contact our office to request the forms that you require.

Please note students already attending post-secondary school who are on a full scholarship are not eligible for a scholarship award but may be eligible for the \$500.00 Student Grant.

There are two phases to the selection process. During Phase 1, applications submitted will be reviewed by the Trustees of the LIUNA Local 527 Scholarship Fund to determine the eligibility of the member.

If the member is determined eligible, the application will proceed to Phase II where it will be evaluated by an Independent Selection Committee comprised of community leaders.

In Phase I for all applicants to proceed to Phase II, members must meet the following criteria:

1. They must be working under a collective agreement requiring the Employer to make contributions to the Scholarship Fund;
2. They must have accumulated 500 hours in a 12 month period commencing January 1, 2017;
3. They must be in good standing with the union during the selection and awards process and during the accumulation of the above hours. For grants, members must be in good standings for 12 months consecutively (prior to applying).

We wish all applicants the best of luck.
